

Coat Recoating

interval

At 20℃/68°F, Minimum: 8 hours

Maximum: 6 months

ENAMEL PRIMER is rust-preventing primer based a medium oil alkyd resin which has an excellent adhesion and anticorrosion properties. It has a good penetration and provides an excellent base for subsequent coatings.

Recommended As a rust-preventing primer for use on the structural steel in moderately corrosive environment.

use	Not recommended for immersion service.				
Physical Properties					
Finish and Color	Flat. Reddish brown, Grey.				
Specific gravity	Approx. 1.39				
Solids by volume	Approx. 50 %				
Spreading rate (Theoretical)	10 m²/L in 50 microns dry film thickness on a smooth surface.				
Flash point	27 °C / 80.6°F (Closed cup).				
Application details					
Surface	* New Steel: Abrasive blasting to Sa 2. Remove any mill-scale, rust, oil and grease and other				
preparation	contaminants.				
	* Maintenance and touch-up: The rust, salt, oil and grease, loose paint film should be thoroughly				
	removed by using suitable tools.				
Method of	Brush, Roller, Spray(air or airless) application.				
application	* For airless spray application;				
	Nozzle orifice : 0.017" ~ 0.019"				
	Output pressure: 2,100 psi / 143 atm.				
	Fan: 65°				
	(Airless spray data are indicative and subject to adjustment).				
Thinning	THINNER No. 012 (Thinning ratio: Max. 10% by volume)				
Application	* The surface must be completely clean and dry.				
conditions	* Do not apply when relative humidity is above 85%.				
	* The surface temperatures must be at least 3℃(5°F) above dew point to prevent condensation.				
Film thickness	Recommended per coat 50 microns dry.				
Drying time		10℃/50°F	20°C/68°F	30℃ /86°F	
	Set to touch	20 min	10 min	5 min	
	Dry hard	5 hours	3 hours	2.5 hours	
	* Real drying time depends on film thickness, humidity, weather condition, etc.				
Subsequent	SENSEMEL GOLD, SENSEMEL JOHAB or according to specification.				

Storage and	package		
Shelf life	12 months		
Storage	Store in cool, dry, well-ventilated place.		
	(Temp at -5℃~35℃)		
Packing Unit	16 L, 4 L, 1 L		
Remarks			
Note	a. Protect skin and eyes, and avoid prolonged breathing of solvent vapors.		
	b. Wear the protective mask, protective glasses, gloves and suitable protective equipment.		
	c. Use with adequate ventilation.		
	d. Respiratory protection is recommended when applying this product in confined spacesor stagnant air.		
	e. This product contains flammable solvents. Keep away from sparks and open flames.		
	f. For additional safety information, refer to the Material Safety Data Sheet for this product on our		
	internetHomepage(www.kccworld.co.kr)
